THE TILLEY LAMP CO., HENDON ENGLAND

NOTE:—Globe 182 and Insect Shields are fitted to export models only, or to special order.

This instruction is for use with all Tilley Table Lamps which have a Central Carrying Pillar and use a Tilley Methylated Spirit Torch for pre-heating.

The standard models are T.L. 106 (14" high from table to top of Control Cock), and T.L. 136 (9" high). For these Lamps the following items are supplied :—

Oil Container (short or long pillar) with Pump 2557 and Control Cock 777.

*Burner 206 with Mantle 164.

*Champagne Opal Shade 189 or Fancies as ordered. Vapouriser 606 (approx. 5" long).

Meth. Spirit Bottle with Torch.

Funnel (for oil filling).

**Certain variations from the above will be made to suit special requirements and are as follows :—*

FOR USE WITH OWN PARCHMENT, VELLUM OR SIMILAR SHADES AS SUPPLIED BY CUSTOMER.

Lamps T.L. 116 (14" High) and T.L. 146 (9" High)

If this special requirement has been ordered, Globe 182 (clear glass) will be supplied in place of Champagne Opal Shade 189.

INSECT PROTECTION FOR TROPICAL USE.

Lamps T.L. 106/IP., T.L. 116/IP., T.L. 136/IP., and T.L. 146/IP.

Burner 206A (fitted with Insect Shield 199) will be supplied in place of Burner 206.

In addition, Glass Globe 182 will be supplied with its Insect Shield 773.
